# ECURIE 25 MEMBERSHIP

The ultimate indulgence for the car enthusiast, one year's membership with écurie25 gives you between 30 and 40 days and 4500 miles driving a selection of the world's finest cars from a fleet of 17 worth £2million. écurie25 allows you to enjoy the thrill of driving a supercar without having to concern yourself with the wallet-wilting insurance, depreciation and running costs as écurie25 takes care of everything on your behalf. The company adds at least one car a month to its extensive and ever-growing fleet, ensuring its members always have access to the latest models, with everything from a Cayman S to a 911 Turbo Cabriolet available on the Porsche front. While it might seem expensive to join the ranks of the 150 or so écurie25 members, when you consider that it will cost you some £34,000 to run a Ferrari F430 over one year and 5000 miles including servicing and depreciation, the outlay suddenly seems very reasonable. If you can afford to join, this is the gift that keeps on giving all year round.
