Owners Package

The écurie25 owners package gives you the opportunity to earn up to £20,000 per year from your car.

"Ecurie do a great job of maintaining my car in pristine condition, and club members take care of it the way I would. There are times when others want the car when I do, so i do without, but for the remainder of the time the owners plan is great value and very simple" e25 VOP member

We put your car on the écurie25 fleet, look after it, and in return pay you an amount per mile in either cash or club credits. You can choose whether you take the money, or build up credits which let you use the other écurie25 cars.

The amount of pounds or credits you receive depends on the running cost of your vehicle as calculated by écurie25. Clearly we pay more per mile for a Lamborghini than we do for a Porsche 911.

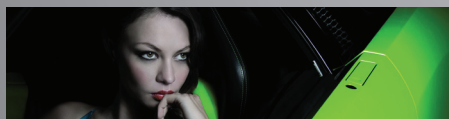

How It Works:

- You provide us with the car, and pay us £100 per month membership fee.
- We pay for insurance, garaging, valeting and carry out mini service checks on your car periodically
- We put your car on our congestion charge fleet scheme so you don't have to worry about paying this daily – any charges are paid on account
- You pay for servicing, RFL, MOT, and out of warranty repairs, however we will organise delivery and collection from dealer on your behalf and get you best rates from franchised dealer repair and service works
- We run it in our fleet and we pay you from 25p to £2 per mile (depending on the car) in either cash or credits. If you choose cash we pay you once per month, if you choose credits you can use them to enjoy any of the other cars on the écurie25 fleet
- You can always buy additional credits at any time if you wish to drive other cars and do not have sufficient on account.
- Either party can terminate the Owners Package with 3 months notice.

Worked Example:

- You enter your Lamborghini Gallardo Spyder into our Owners Package.
- We pay you £1.00 for each mile used by écurie25 members in the club. (Price per mile depends on the car)
- Assuming the club uses 1,500 miles per month, we pay you $1,500 * 1.00 = £1,500$ per month.
- Alternatively you could have 188 credits per month to use driving the full écurie25 fleet.
- You would still be able to use your own car whenever you wish, subject to it not being booked, and subject to your car spending at least 180 days per year on the fleet.
- Over a 12 month period, your car would provide you with £18,000 in income, or 2,250 credits (around 80 days) to enjoy driving other club cars.
